## A New Miraclean® Gas Griddle for the Johns Hopkins Bayview Medical Center!

*Founded in 1773, the Johns Hopkins Bayview Medical Center has a distinguished history of service and medical excellence.*

Back before he founded this company, my father, Richard Keating II, attended Johns Hopkins University on a senatorial scholarship, and earned his degree in Mechanical Engineering.

How thrilled he would be to know the equipment he designed is now being used at the university where he completed his education.

A special thanks to Rick Reuschlein of **RJR Marketing**, our sales representative in Maryland.

Very Truly,

Eliza Keating  
President

Shown above, a Keating 36x24 Miraclean® gas griddle with a stainless steel, hinged cutting board and 4" legs.
