

Portable MIRACLEAN® Electric Griddle

PROJECT _____

QUANTITY _____

ITEM NO. _____

Standard Features:

- ▶ Exclusive Miraclean® surface
- ▶ Saves 44% in clean up
- ▶ Cooler kitchen
- ▶ Uniform heat distribution allows you to cook at lower temperatures, reducing shrinkage
- ▶ Saves 32% in energy costs
- ▶ Reduced flavor transfer
- ▶ Zoned temperature control

Options:

- Cantilevered Stainless Steel Stand on Casters
- 480 Voltage

Cantilevered Stand Optional

The Keating Portable MIRACLEAN® Electric Griddle is designed to provide maximum performance with the benefits of a mobile unit. The mirror surface is achieved in a special eight step process. Heat is kept on the surface allowing you to cook at lower temperatures while preventing caramelization and flavor transfer.

Portable convenience

Encased in a stainless steel cabinet and mounted on casters, the Keating Portable Griddle can be used as an auxiliary unit during breakfast, lunch and dinner when peak rush times are high. The convenience of added cooking capacity helps provide faster service for your customers - perfect for toasting buns, grilling sandwiches and much more.

Saves 44% in clean up

A documented study by the University of Illinois General Engineering department confirmed what has long been known by MIRACLEAN® operators - cleaning the MIRACLEAN® saves time! 44% savings means less labor cost and high productivity. Cleaning a 36" MIRACLEAN® versus a conventional steel plate model 3x daily would mean savings of \$2,600 over the life of the unit. Cleaning the surface takes 3 easy steps:

1. scrape with the Keating scraper
2. wash with a Keating palmetto brush and water
3. polish with Keating Klenzer and a damp cloth

No more griddle bricks, grill screens or harsh chemicals needed, and reseasoning the plate is not necessary.
