"Serving Those Who Serve The Very Best"

Celebrating **90** Years

**PRICE LIST EFFECTIVE APRIL 1, 2021
TO JUNE 30, 2021**

Prices and specifications subject to change without notice.
All orders accepted subject to government regulations and
conditions beyond manufacturers control.
Terms: Net 30 Days FOB Factory.

1-800-KEATING
keatingofchicago.com
Made in the USA

Since 1931

“IN 1931, MY GRANDFATHER, RICHARD KEATING, WORKED FOR A FRYER MANUFACTURER. IT WAS THE MIDDLE OF THE GREAT DEPRESSION AND TIMES WERE TOUGH.”

The company wanted their salesmen to bring each written order back to their office, making it very hard to sell and make any money. My father, Richard T. Keating, II (Dick), had just graduated from Johns Hopkins University with a degree in Mechanical Engineering. It was my grandfather's idea that my father could design a better fryer and he would sell it. So my father stayed in Chicago designing equipment and running the manufacturing end while my grandfather went on the road from Chicago to Baltimore selling Keating equipment.

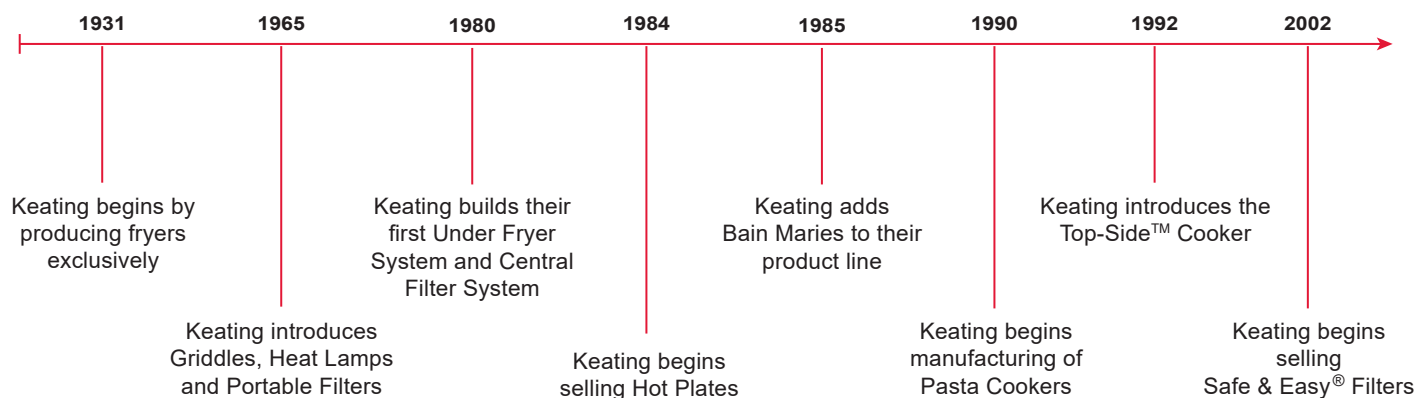

Our product line began to incorporate more equipment and Keating's presence in the industry was established. Today we are known for high performance, quality and durability in all of our products. We are proud to be a family-owned business entering into our 90th year.

- Eliza Keating

Keating Instant Recovery® Fryer advertising from 1953, featuring Dick Keating and Eddie Ireland of Ireland's Oyster House fame.

Instant Recovery® is our trademark

The most important feature of any fryer is recovery time, and Keating's INSTANT RECOVERY® trademark means that every Keating fryer recovers its temperature before the end of the cooking cycle. The patented system of high input burners and large heat transfer surfaces assures quality foods every time.

MODEL AA (Gas Only)

- Available in gas only
- On-Off Switch
- Millivolt system
- Stainless Steel thermostat
- No electric connections required (except for batteries with filters)

MODEL BB

- Power-On Switch
- Power-On Indicating Light
- Built-in Melt Cycle
- Dual contactors (Electric)
- Stainless Steel thermostat
- Spark Ignition (Gas)

MODEL TS

- Power Switch
- Pilot-on Indicating Light (Gas)
- Built-in Melt Cycle
- Ready to Cook light
- Over Max Temp safety light
- Two digital solid state timers
- Dual contactors (Electric)
- Stainless Steel thermostat
- Spark Ignition (Gas)

Use less BTU's

Our atmospheric fryers have been redesigned to use less BTU's and still have the same performance levels. Why did we do this? To save our customers \$\$ in gas consumption.

STANDARD FEATURES:

- Stainless Steel vessel and cabinet
- Stainless Steel heat transfer tubes or heating elements
- Stainless Steel thermostat
- Spark Ignition (BB and TS Gas Models)
- Extra large Cold Zone
- Stainless Steel High Limit control
- One pair of baskets
- Grid Screen over tubes
- Temperature control system $\pm 2^\circ\text{F}$
- 3/4" gas connection on single fryers
- Safety pilot shut-off
- Full port front drain valve
- Drain clean-out rod
- Legs with adjustable feet
- 35" working height on floor models
- Sample of Keating Klenzer

Save on oil

Keating Instant Recovery® fryers are designed to fry at lower temperatures, between **325°F** and **335°F**, reducing oil breakdown. They are the only fryers built with a #7 highly polished stainless steel vessel and a true cold zone which captures and holds frying crumbs/debris. These features plus our filtering systems extend the life of your fat up to 30%.

OPTIONS:

- Fryers battered at no additional charge
- Common gas manifold for batteries at no additional charge
- Cooking computer
- Basket-Lift on 14 TS thru 24 TS fryers
- Stainless Steel drainboards on fryer batteries (Call for pricing)
- Filter choices: Central, Portable, Safe & Easy® Under Fryer
- 2" extra large drain valve on 18" or larger fryers, single units only (see pages 7 - 9)
- Front extensions to match larger fryers (Call for pricing)
- Manufactured gas models
- Polyurethane casters with brakes
- Security package
- 480 voltage available
- Single Phase Models available
- Drain Extension

Counter Models Fryers

For kitchens with space limitations, the Keating Instant Recovery® Counter Model is the perfect solution. The counter model has the same energy input and production capacity as its floor model counterparts.

CAPACITIES/PER HOUR

Model 10x11 CM:
40 lbs. of frozen french fries

Model 14 CM:
48 lbs. of fresh hand cut french fries
72 lbs. of frozen french fries
75 lbs. of chicken

STANDARD ACCESSORIES

One pair 4 mesh baskets, grid screen over heat transfer tubes, drain clean out rod, 1" x 11-1/2" drain extension and sample of Keating Klenzer

Keating Klenzer & Sea Powder

Keating Klenzer

The finest dry stainless steel polish gives dingy, dull stainless steel a dazzling new luster! Keating Klenzer is the only cleaner that lasts longer, cleans better and leaves no sticky residue, unlike other liquid products.

Stainless steel owes its sheen to fine light-reflecting scratches. When these become filled with grease, soap, dust or other particles, stainless steel loses its natural sparkle. Keating Klenzer reaches deep into these fine grooves and lifts out dulling dirt, restoring the original sparkling gleaming finish.

Sea Powder

Cleans deep fryers when used with boiling water and softens carbonized grease for easy removal. If used weekly, your Keating fryer will be in perfect condition for years. Daily cleaning is even better. No caustic ingredients. Excellent for cleaning greasy floors, exhaust hoods and walls.

KEATING KLENZER

- 038261, Keating Klenzer
Case of 12, 14 oz. cans, 13 lbs. \$60.00

SEA POWDER

- Sea Powder, Case of 4, 8 lb. jars, 34 lbs. per case
- 000394 (1-5 cases) \$186.25
- 000395 (6+ cases) \$158.95

DESIGN YOUR OWN CUSTOM WORKSTATION

Custom workstation shown with a 14 TS Counter Model Instant Recovery® Fryer, 48" Miracleclean® Griddle and a MG2 Hotplate on a stand with casters.

DESIGN YOUR COMBINATION WITHOUT WORRYING ABOUT FIT

Ideal for the single operator or satellite locations, the Keating Custom Line Up is a complete cooking station on one stand. Each station is designed to be versatile and efficient to allow you to prepare a full menu of items in one centralized location. Everything from Miracleclean® Griddles and Custom Pasta Systems to Bain Maries and cutting boards are available. And because you can choose the combination needed you won't have to worry about fit and finishes of different brands.

Some popular Keating Custom Line Ups include: Bain Maries, Hot Plates, Custom Pasta™ Systems, Counter Model Instant Recovery® Fryer, Miracleclean® Griddles and Top-Side™ Cookers.

Let Keating Help You Choose the Right Equipment for Your Needs

With so many sizes and options available, Keating can help you choose the right equipment for your needs, or we can customize your Miracleclean Griddle® or Instant Recovery® Fryer system.

Two 14 TS Fryers each with the Basket-Lift option, optional casters and a Safe & Easy® Under Fryer Filter.

MIRACLEAN®

The Miraclean® Griddle is the world's new standard. It is the most versatile cool (no radiant heat) and easy-to-clean griddle ever made. It combines the Miraclean® patented plate finish with fast cooking, less food shrinkage (superior heat transfer) and cleaning ease. Savings of energy, cooking time, clean up labor and clean up time are yours with this trivalent chrome plated griddle.

Trivalent Chromium surface - foods cook faster at a lower temperature

- #1 In Customer Satisfaction
- Reduces energy use by up to 32%
- Cooler Kitchen
- Easy Clean Up
- No Flavor Transfer
- Over 300 Model Variations
- Foods Cook Faster with Less Shrinkage

36" x 30" Griddle shown with Optional Stand with Casters and Streaked Section

STANDARD FEATURES

- Easy clean up
- Miraclean® surface reduces heat loss, assures even heat distribution throughout cooking area
- Trivalent chromium surface on high carbon 3/4" steel plate
- 208-240V three phase input on electric griddles
- 100% safety pilot shut-off
- Stainless Steel cabinet
- 2" front trough, 3" left side trough
- Stainless Steel grease drawer with handle
- 4 1/2" high back splash

OPTIONS

- Additional thermostats for gas models
- High input electric elements
- 480 voltage on electric models
- Trough options: 3" right side with 2" front
- Cutting board options: Richlite, Stainless Steel
- Plate shelf
- Belly bar
- Drop-in Griddles
- Streaker Griddles - Groove is 5/16" wide, 1 or 2 streaks per inch
- Security package
- Adjustable Stainless Steel Legs
- Stainless Steel stand with shelf and casters
- Top-Side™ Cooker attachment (auto & manual)
- Available in 24", 30" and 36" depth sizes

STANDARD ACCESSORIES

Keating Scraper and blades, Hamburger Spatula, Egg Turner Spatula, Palmetto Brush and Keating Klenszer

NOTE:

Keating can customize any size not shown if previously manufactured. Please call **1-800-KEATING** for quotes. Please have serial # of existing unit.

ACCESSORIES:

002416 , Connecting Strip 30" deep griddle (no charge with griddle)	\$72.50
005247 , Connecting Strip 36" deep griddle (no charge with griddle)	\$72.50
009334 , Cutting Board Hinge (set of 2)	\$240.00
004894 , Palmetto Brush	\$31.00
004889 , Scraper (Heavy Duty)	\$28.15
SCRAPER BLADES (10 per package)*	
004900 , 1-9 packages, 1 lb.	\$33.00
004898 , 10-24 packages, 1 lb.	\$27.90
004899 , 25-49 packages, 1 lb.	\$26.20
004891 , Hamburger Spatula, 4" wide, 2 lbs.	\$51.59
018716 , Egg Turner Spatula, 3" wide, 2 lbs.	\$49.00
018912 , Streaker Scraper for streaks 1 per inch, 1 lb.	\$58.55
018913 , Streaker Scraper for streaks 2 per inch, 1 lb.	\$58.55
038522 , Top-Side™ Cooking Sheets (12 per pkg.)	\$412.00

*1 box = 10 tubes of blades.

STANDARD ACCESSORIES

Keating Scraper and blades, Hamburger Spatula, Egg Turner Spatula, Palmetto Brush and Keating Klenzer

Top-Side™ Cooker

- Factory installed onto 30" deep griddles with 24" deep plate only

Surface area is 10 1/2" x 20", large enough to cook 8 quarter pound hamburgers. Micro Leveler manual height adjustment up to 1-1/2" above griddle plate. Manual lift is standard and Auto Lift option is available.

STANDARD FEATURES

- Trivalent chromium surface on high carbon 3/8" steel plate
- Stainless Steel finish
- Remote control box for each head
- Micro Leveler full head adjustment

OPTIONS

- Manual Lift Heads
- Auto Lift Heads
- Streaked surface
- Extra Cooking Sheets

Cook both sides of an item simultaneously - the Top-Side™ Cooker will cut your cooking time by up to 60%. Keating's Top-Side™ Cooker is designed to provide the best in speed and consistency that two-sided cooking offers. Ideal for high volume or limited kitchen space operations that require large quantities of food products to be cooked fast without sacrificing product quality, perfect for quick service restaurants and in fast-casual environments.

A free standing remote control box is included for each Top-Side™ Cooker Head. Easy to use, it includes an On/Off switch, "Element On" indicating light and an adjusting knob to select the desired temperature.

Manual Lift

Auto Lift Option

Top-Side Mounting Assembly 60	033682			61"	34 5/8"		110 lbs.	\$2,913
Top-Side Mounting Assembly 72	033557			73"	34 5/8"		120 lbs.	\$2,913

Each Auto Lift Top-Side™ Cooking Head requires a separate 120V power supply.

Top-Side™ Cooker(s) requires Mounting Assembly which will add depth to rear of griddle. Auto Lift Top-Side™ will add 6" depth to griddle and Manual Lift will add 4-3/4". Top-Side™ Cooker is usually positioned over element/thermostat of griddle. Depending on location, additional thermostats may be required on gas griddles. Call **1-800-KEATING** for assistance.

Sales Policies & Information

Only written purchase orders will be accepted. Telephone orders must be confirmed in writing. All purchase orders must contain the following information:

- Dealer name with complete billing address and telephone number
- Purchase order number
- Ship to address and telephone number
- Mark for customer information
- Model number, description and price
- Requested ship date and carrier

PLEASE NOTE:

- This equipment must be professionally installed and started to begin the one year warranty period.
- Equipment may **not** be sold for household use; warranties and liability will be considered void.
- Compliance with local codes is the responsibility of purchaser and installer.
- Purchase orders must specify if equipment will be used in mobile applications.
- All orders accepted subject to government regulations and conditions beyond manufacturer's control.
- Custom orders require customer approval of Keating drawings.
- As Keating is constantly involved in improving our equipment, specifications and prices may be changed without notice.
- Please note that unless listed otherwise, options are available at an additional charge.

Terms

PRICES EFFECTIVE APRIL 1, 2021 TO JUNE 30, 2021

- Prices are in US Dollars.
- Prices subject to change without notice.
- Terms: Net 30 days with approved credit.
- Special orders and Teppanyaki griddle orders, 50% deposit and customer approval of Keating drawing are required prior to release for production. Invoice must be paid in full prior to shipment.
- Price applies to all goods ordered for immediate shipment. Call for price quotation on future deliveries.
- Individual accessories which are omitted from equipment orders are deducted at 60% of the list price of the accessory. The list price of an accessory includes the cost of handling, packaging, etc. as individual orders — this is the reason for the differential deduction.

PRICES F.O.B. FACTORY

DELIVERY TIME

- In-stock orders will be shipped immediately. Allow 2-4 weeks for out-of-stock orders.
- Schedule dates will be acknowledged by the factory.

FREIGHT

- Shipped Class 85. NOTE: Ship weights are for single units without optional accessories. Actual weights will vary depending on customizing and accessories. In addition, shipping charges are subject to weight minimums by the carrier.
- All shipments via common carrier will ship collect or 3rd Party. **No pre-pay and add. No free freight.**
- Contact your carrier for freight quotations.

Returns & Cancellations

- **All returns must have a Return Merchandise Authorization number in order to be processed.**
- **No returns will be accepted without a Return Merchandise Authorization.**

Contact our **Customer Service department at 1-800-KEATING** for a Return Merchandise Authorization number and shipping instructions.

- Return Merchandise Authorization numbers are **valid for 30 days**.
- Unless an item is defective, all returns must be shipped prepaid within 30 days from date of the Return Merchandise Authorization number, in **new, unused condition** and are subject to inspection for damage or misuse prior to issuance of a credit or refund.
- Returns that are not the result of manufacturer error may be subject to a **20% restocking charge** to be determined at the time of return.
- Returned items **must** be new in original crate.
- Shipped drop-in equipment and Teppanyaki griddles are **not** returnable.
- Custom manufactured, special orders and used items are **not** returnable.
- Custom equipment is **not** cancellable.
- Absolutely no returns of equipment more than 1 year after original shipment.
- **Unauthorized returns will not be credited. Replacement items will be charged to you if defective item is not returned.**

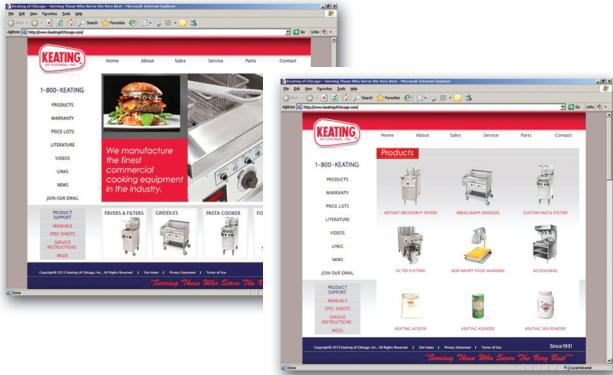

Lost or Damaged Freight

- The carrier who delivers merchandise to your door is responsible for loss and damages. Acceptance of the shipment by the transportation company is acknowledgement that the articles delivered (or picked up) by them were in good condition and properly packed.

VERY IMPORTANT: Before signing the delivery receipt, inspect for any shortage or damage and note the nature and extent of the shortage or damage on the freight bill. If concealed damage or noted damage has occurred, save the shipping cartons and packaging. You must request an inspection by the carrier immediately and file a claim after inspection to rectify damages to your product. You may confirm claim damages by certified mail with return receipt requested within 15 days.

Please do not return damaged items as they cannot be accepted without a Merchandise Return Authorization Tag.

Need a Quote? Looking for Equipment Specs?

Visit the Keating website to find your area sales representative, equipment specification sheets, product information, equipment manuals, literature and more: keatingofchicago.com

Corporate Office & Test Kitchen, McCook, IL

Many of our most popular items are currently in stock and ready for immediate shipment. We are always ready to build a unit to fit your unique requirements. All of our products are proudly designed and built in the USA.

phone: (708) 246-3000
fax: (708) 246-3100
keatingofchicago.com

8901 West 50th Street, McCook, IL 60525 USA

Keating is a contractor on gsaadvantage.gov

Keating equipment is ETL and NSF Approved where applicable.

Revit and AutoCAD

Keating equipment symbol libraries and specs are available in Revit and CAD from:

Kochman Consultants Ltd. (KCL) at: kclcad.com
AutoQuotes at: aq-fes.com

Benefits of using Revit:

- 3-dimensional drawings offer more collaboration between designer and operator
- easier to view the project and create a more functional space
- ability to correct issues or problems early-on in the design phase
- accurate cost information

- Draw to scale
- easier to make changes and reduce risk of error
- identify design problems
